MINNESOTA STATE COLLEGES AND UNIVERSITIES
WINONA STATE UNIVERSITY and
INVER HILLS COMMUNITY COLLEGE
INTRA-AGENCY AGREEMENT**

**Transfer Articulation Agreement
Program: Physical Education - Teaching**

A. This intra-agency Agreement is entered into between **Winona State University** (WSU) and **Inver Hills Community College** (IHCC). The purpose of this Agreement is to provide a clear mechanism to facilitate the transfer of credits from IHCC Physical Education Associate of Science (AS) degree to WSU for students desiring to earn a Bachelor of Science degree and teaching licensure in Physical Education.

B. The parties agree that:

1 INTRODUCTION

Providing students with quality educational opportunities is a mission of both WSU and IHCC. Students who complete the A.S. degree at IHCC may transfer to WSU to complete the physical education program and be prepared to enter the teaching profession in physical education or proceed to graduate education in the field.

2 TRANSFER GUIDELINES AND POLICIES

2.1 Credit Transfer Articulated Programs

The evaluation and transfer of earned credits shall be in full compliance with the Minnesota State Colleges and Universities' (MnSCU) Board of Trustees Policy Section 3.21: Undergraduate Credit Transfer and all other state and federal educational policies pertaining to undergraduate credit transfer. Current students and graduates, who have earned degrees or diplomas from IHCC, shall be eligible for credit evaluation under the terms of this agreement. Programs eligible for transfer under this articulation agreement are listed in section 3:1 of this document.

2.2 Associate of Science Degree (AS) Transfers :

2.21 AS degree graduates will transfer all of their general education/Minnesota Transfer Curriculum (MnTC) coursework and any other successfully complete college level courses. MnTC coursework already completed as part of this AS degree will be applied to the WSU general education/MnTC requirements.

2.22 General Education/MnTC Requirements:

AS transfer students must satisfy the general education/MnTC requirements of a WSU baccalaureate degree. MnTC coursework already completed as part of the AS

degree will be evaluated by the WSU transfer specialist and applied to the general education/MnTC requirements at WSU (see part 3.1). AS transfer students will have to complete any remaining general education/MnTC requirements.

Major coursework that will transfer into the baccalaureate degree will be outlined in part 3.1.

NOTE: Specific general education/MnTC prerequisite support courses may be required of this program and will be listed in 3.1 Articulated Programs section of this document. Completion of these program-specific requirements may cause the transfer student to exceed the graduation requirement of 120 semester credits.

2.23 Transfer of Credits:

Each of the WSU programs listed in section 3.1 of this document will establish and maintain current course transfer guides. The transfer guides will be updated biennially for courses that will transfer from IHCC into the related baccalaureate program at WSU. When a student transfers, courses will transfer in accordance with this agreement and be placed on the standard Transfer Credit Evaluation form by the Admissions Office Transfer Specialist.
