

Articulation Agreement

Minneapolis Community and Technical College
and
Saint Cloud State University

Chemistry Associate in Science Degree

Statement of Purpose:

This agreement has been entered into by Minneapolis Community and Technical College (MCTC) and Saint Cloud State University (SCSU). The purpose of this agreement is to facilitate credit transfer and provide a smooth transition from MCTC's Chemistry Associate in Science degree and Saint Cloud State's Bachelor's degrees in Chemistry.

Terms and Conditions of Credit Transfer:

The evaluation and transfer of earned college credits shall be in full compliance with MnSCU policies and all other State and Federal education policies pertain to undergraduate credit transfer. Current students and graduates who have earned a Chemistry Associate in Science degree from MCTC shall be eligible for credit evaluation under the terms of this agreement. Program specific requirements and/or required courses are listed and defined in Appendix A of this agreement.

Transfer students will be accorded the same standards and criteria for admission to a major degree sequence as SCSU students. Chemistry Associate in Science degree transfer students who have completed the Minnesota Transfer Curriculum are exempt from additional lower division general education courses unless the degree requires program specific lower division general education courses.

Applicants must fulfill the graduation requirements of the granting institution as identified in appendix A.

Articulation Implementation and Agreement Review:

The chief academic officer or designee of the collaborating institutions shall be responsible for implementing this agreement, for identifying and incorporating any changes into subsequent agreements and for conducting a periodic review of the agreement.

The agreement becomes effective on January 2006 and remains in effect until terminated or amended by either party with prior written notice. Written notice must be provided one academic year prior to termination.

and Minnesota State University Moorhead**

Sending Program: Associate of Science in Exercise and Sport Science.

Receiving Program: Bachelor of Science in Exercise Science

PART I: TERMS OF THE AGREEMENT

Statement of Purpose:

This agreement has been entered into by Mesabi Range Community and Technical College and Minnesota State University Moorhead. The purpose of this agreement is to facilitate credit transfer and provide a smooth transition from one related degree program to another. The attached appendices shall describe the required program of study at Mesabi Range Community and Technical College for admission eligibility to Minnesota State University Moorhead in the Bachelor of Science in Exercise Science and the course of study required at Minnesota State University Moorhead to complete the degrees. This agreement identifies all required and equivalent courses at each institution.

Terms and Conditions of Credit Transfer:

The parties of this agreement hereby agree to the terms and conditions set forth in this document.

The evaluation and transfer of earned college credits shall be in full compliance with MnSCU policies. Current students and graduates who have earned appropriate degrees, certificates or diplomas from Mesabi Range Community and Technical College shall be eligible for credit evaluation under the terms of this agreement. Program specific requirements and/or required courses are listed in the appendices of this agreement.

Transfer students will be accorded the same standards and criteria for admission to a major program as students who began the program at Minnesota State University Moorhead. Associate of Science degree students who have completed the Minnesota Transfer Curriculum are exempt from additional lower division general education courses. (or will also have satisfied the MSUM liberal studies requirements)

Applicants accepted must fulfill the graduation requirements of the degree-granting institution. Courses that qualify for transfer are listed in the appendices of this agreement. This will mean that student transferring exercise and sport science classes in will have additional elective requirements to fulfill based on the University's requirements of 120 total credits to graduate.

PART II: IMPLEMENTATION AND REVIEW

The Chief Academic Officers in consultation with the departments of each collaborating institution shall be responsible for implementing this agreement, for identifying and incorporating any changes in subsequent agreements, and for conducting a review of this agreement after three years from date of signing.

This agreement becomes effective on April 26, 2006, and remains in effect three years from the date of signing or until terminated or amended by either party by written notice to the other party.
